Hi,

It is my understanding that a letter from the Governor to the EPA will go out tomorrow. I do not have a draft that I can share with you. I should have more information tomorrow.

Thanks,

JoAnn

Subject: AP query re Yerington Superfund letter

Hello JoAnn,

I've got a call into Mari, but thought I would check with you as well. Do you know if the letter that has to be sent by tomorrow's deadline to EPA regarding Superfund NPL listing for the Yerington site will be coming out of your office? Or be directly from the governor?

And do you know if such a letter exists yet, in draft form or otherwise, that I might look at on embargoed basis to do nothing with until you would release it? Or perhaps, do you know if maybe there is not going to be a letter, and the state will _ at least for now _ just allow EPA to go ahead and propose the addition to the NPL?

Any help appreciated. I'm trying to put stuff together so we can have a story by tomorrow afternoon. Thanks much,

Scott
